PROFESSIONAL SUMMARY

As a software developer with a background in UI/UX and graphic design, I have a solid foundation in frontend technologies, including React. Through my education and personal projects, I have developed a keen eye for designing and building responsive, user-friendly interfaces. I am committed to staying up-to-date with the latest development trends and collaborating effectively with cross-functional teams to deliver high-quality code that meets client and end-user needs.

SKILLS

HTML 5 CSS Javascript React.js Python UI/UX Design Git Agile Methodologies SQL
SDLC Graphic Design Unit Testing Jasmine Jest React Testing Library Redux

WORK EXPERIENCE

UI/UX Design Intern

Oct 2021–Jan 2022

[Nirmitee.io](#)

- Collaborated with senior designers and cross-functional teams to develop wireframes, prototypes, and high-fidelity designs for web and mobile applications.
- Assisted in the creation and maintenance of design systems, style guides, and other design-related documentation to ensure consistency across products and platforms.

Graphic Design Intern

July 2021 – September 2021

[Woovly.](#)

- Conceptualized and designed website banners, product description images, social media posts and stories, advertisements, and blog graphics to support the company's branding and marketing strategies.
- Maintained consistency across all visual communications by adhering to the company's brand guidelines and graphic standards.

EDUCATION

Electronics and Instrumentation Engineering

July 2017 – July 2021

Bachelor of Technology

[Vellore Institute of Technology\(VIT\), Vellore](#)
